

UNITED STATES SUBMARINE E-2 IS BLOWN UP

EIGHT KILLED BY
EXPLOSION OF GASThis Was First Submersible to
be Equipped With Edison
Batteries

(By Associated Press.)
NEW YORK, Jan. 15.—Submarine E-2, in drydock, was blown up today and partially destroyed in the Brooklyn navy yards. The body of one man killed in the internal explosion has been recovered. It is reported that the police said that seven others were killed. Reports said that twelve were seriously injured and twenty had lighter injuries. Several officers were lowered into the craft and pulled out unconscious from the gas.

Two of the injured died later. The explosion is said to be due to hydrogen gas that was ignited while the batteries were being recharged. It is expected that several bodies are still in the interior of the boat. The rescuers are unable to reach them because of the fumes. Four of the injured are said to have little chance for recovery. This is the second submarine accident in the navy, the other being the loss of the F-4 at Honolulu.

WASHINGTON, Jan. 15.—The E-2 was having installed new batteries which Edison developed for the navy. She was the first submersible to be so equipped.

MISHAPS TO COASTERS
NARROWLY AVOIDEDCHIEF ASKS THAT CAUTION BE
EXERCISED WHILE THE
SPORT CONTINUES

Now that coasting is in its prime and every kid in town seems to be possessed of a sled, the glassy smoothness of Brougher and Bryan avenues incites to sport which begins as soon as school is out and lasts until late in the evening.

The only dangerous feature of this sport is that the declivity on either avenue carries the children's sleds to Main street at a rattling clip, where a sharp turn is made down the thoroughfare. Autos are constantly gliding up and down and several accidents have been narrowly averted. Chief Evans warns the children to be cautious and make as wide a turn as possible at the corners and also requests autoists to slow up at both these corners and keep a watchful eye out for the kiddies.

ORE IN VICTOR MINE
IN THREE PLACESVALUES FOUND AT GREATER
DEPTH THAN ANY OTHER
POINT IN DISTRICT

Ore is now being mined from three openings in the Victor mine, from the Merger, North Merger and Murray veins. The Murray was encountered only a day or two ago. General Manager Kirchen reports the picking up of four feet running sixteen dollars to the ton. He expects that the values will increase in one direction or the other when the vein is drifted on.

HOW LIBRARY FUND
WILL BE EXPENDEDNEWSPAPERS AND MAGAZINES
WILL BE PURCHASED FOR
THE PUBLIC SCHOOLS

A portion of the school library fund has been set aside for subscriptions to magazines and daily papers of which a dozen or more have been subscribed for. It is believed that the high school pupils in particular will get more benefit from the library fund in this manner than from its use for the purchase of books, as it is found that good magazines and daily papers are read with avidity while books are used only as reference works.

As soon as the magazines and newspapers begin to arrive the high school history class will devote a period every two weeks to the study of current history under the direction of Superintendent Dilworth.

WILL HOLD PUBLIC
MEETING NEXT WEEK

Arrangements are practically completed for the holding of a public meeting next week, probably on Monday evening in H. E. Epstein's office, although the time and place are not yet definitely arranged, for the purpose of forming a permanent relief committee in Tonopah and making arrangements to carry on its work.

Tomorrow afternoon at 2 o'clock the committee to draw up constitution and bylaws to be adopted by the meeting will assemble in the club room at the Mizpah hotel.

TWO GOOD GAMES OF
BASKETBALL PLAYEDHIGH SCHOOL TEAMS SUCCESS-
FUL IN BOTH CONTESTS
LAST NIGHT

Two good games of basketball were played last evening in the high school gym. The first game was between the second team of the high school and the eighth grade girls' team. The game was won by the former with a score of 6 to 3; but the high school girls realized that they have coming into the high school next year a goodly number of girls who will be keen competitors for positions on the team.

The second game was between the high school first team and a town team of former stars on girls' teams. The high school had an easy time of it, winning by a score of 48 to 6.

Miss Lessie Wardle acted as referee of the first team and Mrs. McLoughlin of the second.

FOURTEENTH DIVIDEND
IS DECLARED TODAYANNUAL MEETING OF SHARE-
HOLDERS IN BANKING COR-
PORATION HELD

The annual meeting of the shareholders in the Tonopah Banking Corporation was held this afternoon in the banking offices. All the stock was represented either in person or by proxy. The same directors were re-elected: H. C. Brougher, Wils Brougher, John M. Gregory, R. B. Govan and Clyde A. Heller.

The board then organized by re-electing the present officers: H. C. Brougher, president; John M. Gregory, vice-president and cashier; J. E. Monahan, assistant cashier. The directors then declared a dividend of \$6 a share. This is the fourteenth semi-annual dividend declared by the bank. The reports, which were approved, showed that the bank is in a most healthy condition.

of Submarine

(By Associated Press.)
BERLIN, Jan. 15.—Replying to England in the Baralong case Germany declares unacceptable the British offer to submit the case to a tribunal of American naval officers if England would submit three specified cases of alleged outrages committed by Germans on the seas. The Baralong, a British patrol boat, sank a German submarine. It is alleged that the British crew killed the crew of the submarine. An official note says: "Inasmuch as the British have declined to make amends for this outrageous incident, Germany feels itself compelled to take into its own hands the punishment for this unatoned crime, and to adopt measures of reprisal corresponding with provocation."

LAS VEGAS CANCELS
THE RETURN GAMECARSON CITY OR SOME OTHER
TOWN MAY SEND TEAM TO
FILL THIS DATE

The high school was very sorry yesterday to receive a letter from Las Vegas canceling the game scheduled to be played here Friday evening, between the Las Vegas girls' team and the Tonopah girls.

This game had been agreed upon when the Tonopah girls played at Las Vegas in December, and has been widely advertised. The game has been looked forward to with pleasure and the cancellation of the game is a disappointment. Efforts are being made to secure Carson or some other team to take the place of Vegas and still have a good game on Friday evening.

BIG MINING CASE
TO COME UP SOONJIM BUTLER VS. WEST END SET
FOR TRIAL ON JAN-
UARY 24th

The case of the Jim Butler Mining company versus the West End Mining company is set for hearing on January 24th in the supreme court. This is on an appeal from the judgment of the Nye county district court which was against the Jim Butler company, says the Appeal.

The case is one of great magnitude and involves valuable holdings in mining property. On account of the interest that will be taken in the case and the expectation of a large number of spectators that will no doubt be present at the hearing, the court is considering the advisability of holding sessions in the senate chambers.

There are a large number of exhibits and models to be set up that will occupy considerable space and it is thought that the present court room will be too small to accommodate the spectators and find room for the exhibits. Experts will arrive in Carson on the 22d or 23d of this month to set up the exhibits. It is possible that whatever the decision of the supreme court of this state, the case will be appealed to the supreme court of the United States.

STUDENTS WILL GIVE
A PENALTY PARTYTHIS WILL PROVE TO BE LARG-
EST SCHOOL FUNCTION OF
THE WINTER

On Monday evening next the juniors, freshmen and seventh grade will pay the penalty for losing the contest in ticket selling during the foot ball season by giving a party in the gym to the seniors, sophomores and eighth grade. The evening will be followed by light refreshments. As there will be about one hundred and fifty pupils to entertain and be entertained this will be the largest school function of the winter. The members of the faculty have a standing invitation to be present at all school doings of every kind and it is a noticeable fact that the most popular teachers in any school, including Tonopah, are the ones who can attend these functions and enter with zest into the sports of the pupils under their charge.
